

Micro Instruments

Introduction

M.A. ARAIN & BROTHERS (Pvt.) Ltd.

Pursues the 21st century vision of becoming a true global leader who can make its Customers worldwide through its quality products and services.

We are dedicated to manufacturing and marketing instruments those provide practical Solutions to real life problems, and meet the needs of our customers. We insist on high quality, efficient manufacturing teamwork, and integrity, growing from our deep respect and honor for god, our employees, our vendors, our customers and all our other stakeholders.

We stand behind every product we offer. Each of us, from the production department to the sales department makes customer satisfaction a top priority.

The careful management of people and projects ensures we continue to enjoy our reputation for providing excellent quality services to our customers.

The most important part of our philosophy is to work in partnership with clients and this requires, in our view, direct contact between our clients and us from the word go.

We aim:

- To listen to our customers and exceed their expectations, ensuring they are completely satisfied with our products, services and support so that they will continue working with us.
- To continue expanding our research programs in progressive technologies.
- To secure international recognition by adopting a global rather than local perspective and by achieving excellence in the quality of our instruments.
- To continue building our excellent team of top professionals through controlled expansion, selective recruitment and by creating an informal and challenging work environment.

Contents
